Part III DETAILED ACTION

Claims 1-28 are currently pending.

Restriction Requirement

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-26, drawn to methods for determining preferred alignment of sequences, classified in class 702, subclass 20.
- II. Claim 27, drawn to method for determining three-dimensional structure of a sequence, classified in class 702, subclass 27.
- III. Claim 28, drawn to method for determining primary sequence homology relationship, classified in class 702, subclass 28.

The inventions are distinct, each from the other because of the following reasons:

Inventions I-III are related as independent and/or patentably distinct methods as they have different modes of operation, different functions, and different effects. A reference teaching one method (e.g. determining alignment between sequences will not necessarily teach another method (e.g., determining three-dimensional structure).

Art Unit: 1631

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

Applicant is advised that the response to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently-filed petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(h).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael Borin whose telephone number is (703) 305-4506. Dr. Borin can normally be reached between the hours of 8:30 A.M. to 5:00 P.M. EST Monday to Friday.
